◯⃤ Hint
• Wi-Fi connection and Google account can also be set afterwards.

How to Install the Supplied Software
(Including Help guide)

1 Connect your "WALKMAN" to a running computer using the supplied USB cable. Plug in the USB cable with ᗺ facing upward, making sure the connection is secure.

◯⃤ Hint
• If [USB connected] appears on the screen, tap [Turn on USB storage] to connect. If the following screen does not appear, swipe the status bar on the top of the screen and tap [USB connected] on the notification panel.

— Status bar

USB Mass storage

USB connected
You have connected your device to your computer via USB. Select the button below if you want to copy files between your computer and your Android's USB storage.

Turn on USB storage

You can access your "WALKMAN" from the computer.

2 Select your "WALKMAN" from the computer.
Click [Start] - [Computer] or [My Computer] - [WALKMAN].

3 Double-click [Setup.exe].
The install wizard appears.
• When you execute [Setup.exe], the [Setup.exe] file stored in the [WALKMAN] folder of your "WALKMAN" is copied to your computer for backup, and the WALKMAN Guide and Media Go are installed to your computer.

4 Follow the on-screen instructions.
After the install wizard finishes, the ⬛ (WALKMAN Guide) icon appears on the desktop of your computer. You can view the Help guide by double-clicking the ⬛ (WALKMAN Guide) icon and clicking on the Help guide.
5 Start Media Go.
You can transfer content stored on your computer to your "WALKMAN."
For details on transferring music, etc., refer to the Help guide.

◯⃤ Hint
• You can start the WALKMAN Guide and Media Go from the [Start] menu (displayed by clicking [Start]).
• You can install the supplied software on another computer through the following procedure even if you delete the [Setup.exe] file by formatting the built-in flash memory of your "WALKMAN." Copy the [Setup.exe] file and the [Install] folder from the [Backup] folder of your computer to your "WALKMAN." Then, connect your "WALKMAN" to another computer on which you want to install the software and follow the above procedure from step 2.
The [Backup] folder can be found at
C:\Program Files\Sony\WALKMAN Guide\NWZ-Z1000\Backup
([Program Files(x86)] may be displayed depending on the computer OS.)
Turning On/Off Your "WALKMAN"

Hold down.

Turning On/Off the Screen

The screen will turn off if no operations are made for a certain amount of time.
**1** Press the ⏻ (Power) button.

The unlock screen will display.

Press.

2 Drag 🔓 from left to right.

Your "WALKMAN" is then unlocked, and the Home screen displays.
Press the button again to turn off the screen.

How to Use the Help guide on Your "WALKMAN"

Start the Help guide installed on your "WALKMAN."
The Help guide for viewing on your "WALKMAN" screen is provided only in some languages.

1 Tap [⊞ Apps] - [● Browser].

2 Tap the ≡ (Menu) button.

3 Tap [Bookmarks] - [Help guide].

4 Select the desired language.

☼ Hint
● You can bookmark the Help guide in the desired language by tapping [More] - [Add bookmark] - [OK] after step 4.
● You can also read the Help guide on your computer by installing the supplied WALKMAN Guide software on your computer.

Note
● If your "WALKMAN" is connected to a computer and USB storage is active, you cannot use the Help guide (HTML document). Swipe the status bar, then tap [Turn off USB storage] on the notification panel.

Troubleshooting

If your "WALKMAN" does not function as expected, try the following steps to resolve the issue.

1 **Find the symptoms of the issue in "Troubleshooting" in the Help guide (HTML document), and try any corrective actions listed.**
For details on connecting to a computer, see the following table.

2 **Connect your "WALKMAN" to your computer to charge the battery.**
You may be able to resolve some issues by charging the battery.

3 **Press the RESET button with a small pin, etc.**
Before resetting your "WALKMAN," check that no song, video, etc., is being played back. You can then reset your "WALKMAN" safely.

RESET button

4 **Check information on the issue in the help guide of software you are using.**

5 **Look up information on the issue on one of the customer support websites.**
For customer support websites, see "For the latest information."

6 **If the approaches listed above fail to resolve the issue, consult your nearest Sony dealer.**

Symptom	Cause/Remedy
Your "WALKMAN" is not recognized as USB storage.	● The USB connection is turned off. ➔ Swipe the status bar, then tap [USB connected] on the notification panel followed by [Turn on USB storage] then [OK]. ● USB debugging is enabled. ➔ Some devices or software may not recognize your "WALKMAN" when USB debugging is enabled. Tap the ≡ (Menu) button, then tap [◎ Settings] - [▣ Applications] - [Development] - [USB debugging] and uncheck the box.
The computer does not recognize your "WALKMAN" even if connected by USB cable.	● The USB cable is not connected to a USB connector on your computer properly. ➔ Disconnect the USB cable, and then reconnect it. ➔ Use the supplied USB cable. ● USB debugging is enabled. ➔ Some devices or software may not recognize your "WALKMAN" when USB debugging is enabled. Tap the ≡ (Menu) button, then tap [◎ Settings] - [▣ Applications] - [Development] - [USB debugging] and uncheck the box. ● A USB hub is being used. ➔ Your "WALKMAN" may not be recognized by the computer if using a USB hub. Connect your "WALKMAN" directly to the computer's USB port. ● The USB connector on your computer may have a problem. ➔ Connect your "WALKMAN" to another USB connector on your computer. ● When you use your "WALKMAN" for the first time, or when the battery is low, the battery mark may display and you may not be able to use your "WALKMAN." This is not a malfunction. Wait for about 10 minutes before attempting operations. ● Software authentication may take some time. Wait for a while. ● Software installation failed. ➔ Reinstall the software using the installer. Imported data will remain unchanged. ● If the problem still persists after performing the remedies above, press the RESET button to reset your "WALKMAN."
Your "WALKMAN" becomes unstable while it is connected to the computer.	● A USB hub or USB extension cable is being used. ➔ Your "WALKMAN" may be unstable if using a USB hub or USB extension cable. Connect your "WALKMAN" directly to the computer's USB port.
Your "WALKMAN" gets warm.	● Your "WALKMAN" may become warm when the battery is being charged and just after charging. Your "WALKMAN" also may get warm temporarily when a large amount of data is transferred. Set your "WALKMAN" aside for a while to allow it to cool down.

To initialize (format) your "WALKMAN"
You can format the built-in flash memory of your "WALKMAN." If the memory is formatted, your data will be erased and all setting values will return to their defaults.

Note
● If you execute this function, Google account information and downloaded applications will be erased.
● If you tap and check [Erase USB storage] in step 2, the transferred music/videos/photos and Help guide (HTML document) will be erased. You should transfer any necessary files to the hard disk or other device before formatting.
● Do not format the built-in flash memory using Windows Explorer. If you want to format the built-in flash memory, format it on your "WALKMAN."

1 Tap the ⌂ (Home) button to display the Home screen.

2 Tap the ≡ (Menu) button, and tap [◎ Settings] - [▥ Privacy] - [Factory data reset] - [Reset device].
Tap and check [Erase USB storage] to delete transferred music, photos and Help guide (HTML document).

3 Tap [Erase everything].
Your "WALKMAN" restarts automatically after being initialized.

Precautions

About the headphones
● Avoid playing the unit at so loud a volume that extended play might affect your hearing.
● **At a high volume outside sounds may become inaudible. Avoid listening to the unit in situations where hearing must not be impaired, for example, while driving or cycling.**

Owner's Record
The model and serial numbers are located on the back of the player. Record them in the space provided below. Refer to these numbers in the spaces whenever you call upon your Sony dealer regarding this product.
Model No. _____
Serial No. _____

At high volume, prolonged listening to the personal audio player can damage the user's hearing.

Pour les utilisateurs en France
En cas de remplacement du casque/écouteurs, référez-vous au modèle decasques/écouteurs adaptés à votre appareil et indiqué ci-dessous.
