6 minimum computer system requirements

Windows system requirements

you need to have a usb port. computers that were upgraded from Win 95 to Win 98 may not have usb compatibility! check out the other requirements:

– Pentium® MMX 166MHz processor or better

– usb port with Windows 98 / Me / 2000 / XP

– 64MB ram

– 50MB ram drive space

– cd rom drive

– video display card

– sound card

– Microsoft Internet Explorer 5.0 or better, Netscape 4.0 or better, and internet access

Mac system requirements

– G3 or better

– MacOS 8.6- 9.x

psa[64 is a solid-state, portable, digital audio player:

– plays mp3 & windows media audio files e.g. digitized and compressed cd tracks, tape tracks, audio books, newspapers, sound effects, etc., that are encoded into mp3 & windows media audio format.

– software upgradeable and will support future playback formats and sofware extensions that will be made available on **www.nike-philips.com**.

– will support for future digital rights management technology, including the Secure Digital Music Initiative (SDMI).

take care when using headphones

hearing safety: listen at a moderate volume. using headphones at high volume can impair your hearing.

traffic safety: do not use headphones while driving or cycling as you may cause an accident.

general maintenance

to avoid damage or malfunction:

– do not expose to excessive heat caused by heating equipment or direct sunlight.

– do not drop the psa or allow objects to fall on the psa.

– do not allow the psa to be submersed in water. do not expose earphone socket or battery compartment to water as water entering the set may cause major damage.

– do not use any cleaning agents containing alcohol, ammonia, benzene, or abrasives as these may harm the set.

– active mobile phones in the vicinity may cause interference.

battery

1   press ▼ to open the battery cover latch and insert
    one AAA /UM4 /LRO3 battery (preferably
    alkaline) or Ni-MH rechargeable as indicated.

2   insert the lower edge of cover as shown to close
    the battery cover latch.
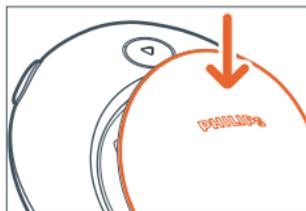

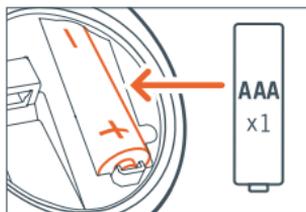

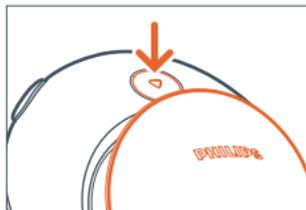

beep beep! indication of empty battery

when the power level is almost empty, the psa64 will
beep at intervals and the inidicator lights up red. the psa will eventually switch
itself off. always replace the battery after the first battery
warning beep is heard.

IMPORTANT!

– remove the battery if: battery drained or the psa
  will not be used for more than two weeks.

– **batteries contain chemical substances, so they should
  be disposed of properly.**

power on and playback, ▶II

press and hold ▶II for 2 seconds to turn on.

– indicator: green light flashes briefly and play-
back starts automatically.

– psa beeps: if no content has been stored in
the psa, the psa powers down.
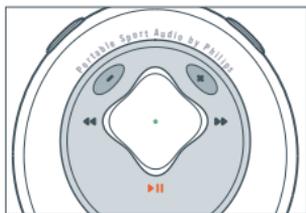

power off, ▶II

press and hold ▶II for 2 seconds to turn off.

– indicator: lights up red briefly.

pause, ▶II

during playback, press ▶II to pause. press ▶II
again to resume playback.

indicator: if psa on pause, orange light flashes.

power-saving standby mode

the psa automatically switches off when playback is paused longer than 30 seconds
and no buttons are pressed.

volume

press - / + to decrease / increase the volume.

eq sound options - *bring out the bass or top up on treble!*

press **eq** again and again to select your equalizer option.
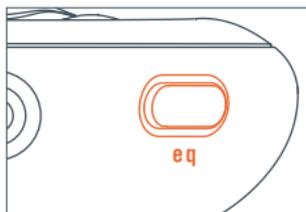

selecting a different track ◄◄ , ►►

press ◄◄ / ►► to select the desired track.

fast searching within a track

during playback, press and hold ◄◄ / ►► briefly.

> psa plays track at high speed until the button
> is released.

using the button lock 🔒

🔒 deactivates the other buttons so they are not
activated accidentally.

to activate / deactivate the button lock, press and
hold 🔒 2 seconds.

> indicator: lights up orange if button lock active,
> and when you attempt to press any other but-
> tons.

> indicator: lights up green briefly if button lock
> deactivated.

remote control

the remote has 5 buttons (- / +, ▶II ,◀◀ / ▶▶) that function the same way that they do on the psa. even if the button lock 🔒 is activated the remote control will override.
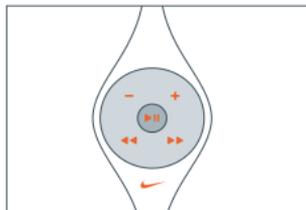

1 connect the remote control and headphones as shown.

2 adjust the volume on both the psa and remote control.
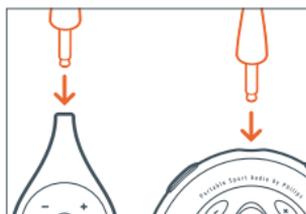

clip magnets

wear your remote control and secure your headphone
cord with these wearable magnets.

1   check the polarity of the 2 button magnets.
    insert the big button magnet underneath your
    garment.

2   clip the small button magnet on your outer gar-
    ment. clip the remote control on top.

3   secure your headphone cord with the "butterfly"
    magnet clip.
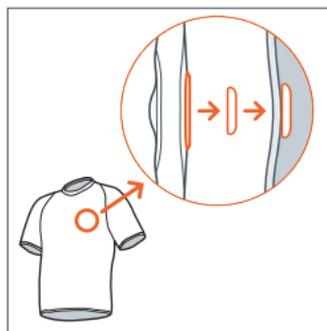

WARNING:

KEEP OUT OF REACH OF SMALL CHIL-
DREN TO AVOID CHOKING HAZARD.

KEEP THE MAGNETS AWAY FROM CREDIT
CARDS, TAPES AND ANY ITEMS WHICH
MAYBE SENSITIVE TO THE MAGNETS.
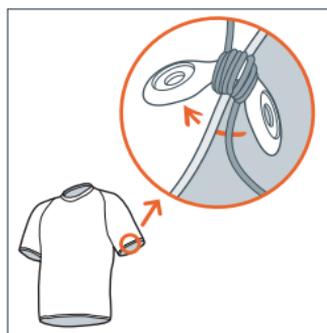

armband

wear your digital audio player during sport activity by securing it to the supplied armband.

1   fit the psa into the rubber buckle, with the head-phone / remote socket aligned to the socket hole.

2   position the armband around your arm. thread the strap and fasten up for a snug fit.
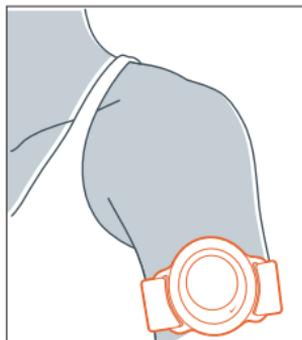

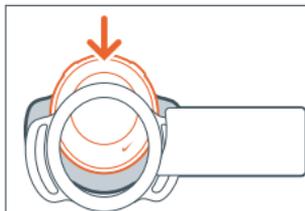

installing MUSICMATCH Jukebox

install MUSICMATCH Jukebox software to manage your music collection on your personal computer. MUSICMATCH Jukebox allows you to:

– convert cd music tracks to mp3 and windows media audio files

– create & save music playlists

– download mp3 and windows media audio files to the psa

1   insert the psa cd rom into your cd rom drive.

note: for **MAC** *users*, *click the* **MUSICMATCH** *icon* ➔ *double click on* **MUSICMATCH Installer**.

2 an introduction screen appears. select the language that suits you best (**english, français, italiano, deutsch** or **español**).

3 select your product.

4   from the next screen, click **install MUSICMATCH jukebox** and follow the screen instructions to install.

5   click **Yes** on the screen to restart your computer when prompted. the software is now installed.
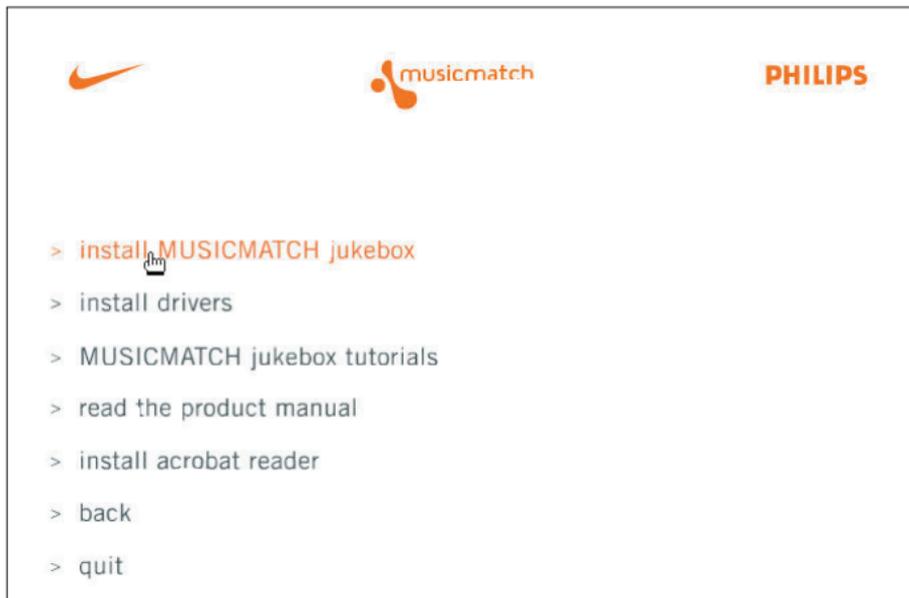

installing the psa drivers

you must install the device drivers for your computer to recognize the psa player. follow these directions to install the drivers.

1 insert the psa cd rom into your cd rom drive.

   *note: for **MAC** users, click the **MUSICMATCH** icon ➔ double click on **MUSICMATCH Installer**.*

2 an introduction screen appears. select the language that suits you best (**english, français, italiano, deutsch** or **español**).

3 click **install drivers** ➔ **Next** and follow all the screen instructions to complete installation.

connecting the psa to your computer

check that the psa is loaded with a suitable battery (preferably fresh) before you start connecting.

1 connect the supplied usb cable to your computer's usb port.

2 press ▼ to open the battery compartment. connect the other end of the usb cable to **usb in**, (found inside the battery compartment.)

3 turn on the computer.

indicator: lights up green continuously.

buttons on the psa are automatically locked during usb connection.

4 turn on your psa.
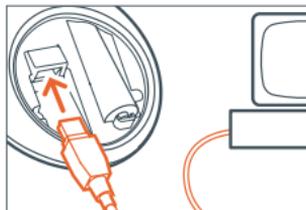

convert music cds into mp3 files

1   click the ![record button] (record) button. the **Recorder** window will open.

2   insert a commercial music cd into your computer's cd tray. **CD lookup** will attempt to add artist track and album names. if information doesn't appear, enter it manually.

3   check the boxes next to each track to record then click the ![record button] (record) button on the **Recorder**.

> *note: by default, the recorder will create mp3 files at 128 kbps, which is considered cd quality (for other options, see the **Options/Settings/Recorder** menus.) recorded tracks will be automatically added to your **Music Library**.*
>
> *encoding at 96 kbps can increase playtime with minimal loss in audio quality*

create & save music playlists

1 open the **Music Library** by clicking the **My Library** button.

2 double-click a track in the library, or drag and drop tracks from the **Music Library** into the **Playlist** window.

3 drag and drop tracks within the **Playlist** to change the play order.

4 click ⊞ **Save** to save the playlist.

download music* to your player from your computer

1 create or open a music playlist.

2 click **File ➜ Send to Device ➜ Download To Nike psa[64, psa[128 max**. your songs
will automatically appear in the **Files to Download** window.

3 select the songs you want to transfer and then click **Download**.

4 after tracks have been transferred to the psa, click **Done** to exit. view download sta-
tus from the track progress bar.

* the current psa may not download windows media audio for mac users.
check out **www.nike-philips.com** for updates of mac plug-in.
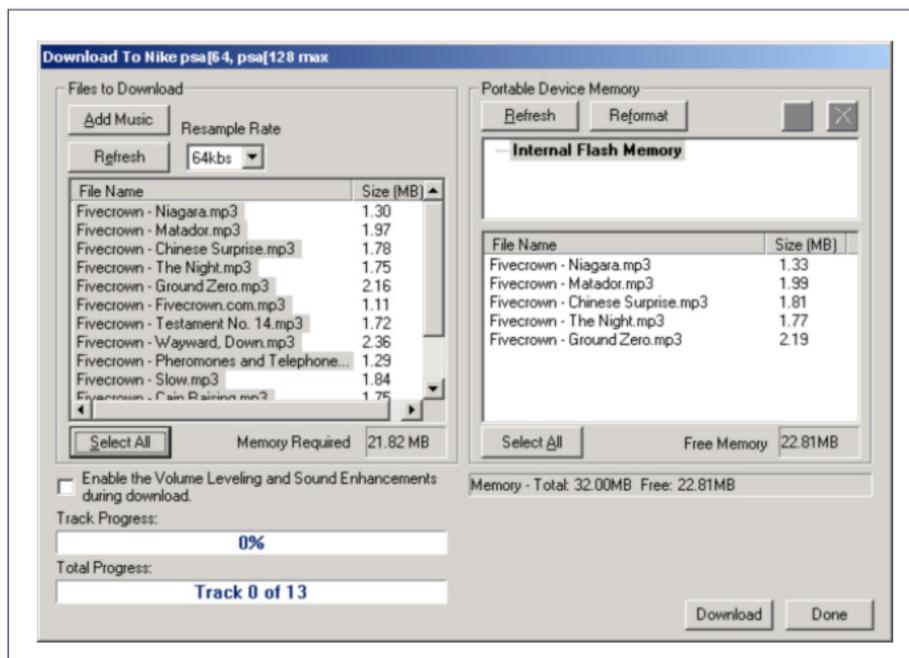

tips:

– the **Portable Device Memory** window (right) shows the tracks currently stored on the psa (if any). to clear tracks from psa memory, click **Reformat ➔ Start ➔ Close**.

– to fit more songs onto your player with existing memory, use the **Resample Rate** option (upper left), which allows you to reformat the tracks downloaded to a lesser bit rate. this lets you fit more audio onto your player by creating smaller files during the download. this does not affect the files stored on your computer.

updating MUSICMATCH software*

be sure you have the latest available version of MUSICMATCH Jukebox by updating your software.

1 click **Options ➜ Update Software ➜ Continue**.

2 the update will add files to your computer, then automatically restart MUSICMATCH Jukebox for you.

* requires an active internet connection.

upgrading your audio player

visit **http://www.nike-philips.com** for more information and firmware upgrades.

helpful tips

if a fault occurs, first check the points listed below before taking the set for repair.

if you are unable to remedy a problem by following these hints, consult your dealer or service center.

__warning__ : do not open the set as there is a risk of electric shock! under no circumstances should you try to repair the set yourself, as this will invalidate the warranty.

problem	solution
no sound	– battery weak / incorrectly inserted. correctly insert fresh battery. – psa buttons pressed too quickly. slow down. press firmly. indicator lights up. – headphones not properly connected. insert headphone plug into socket completely.
no reaction to controls / malfunction	– 🔒 activated deactivate 🔒 . – electronic discharge. remove battery and replace after several seconds.
sound skips during playback on the psa	– mp3 file made at compression level exceeding 320kbps. – use a lower compression level to record your file into mp3 format – electrical interference from other appliances, e.g. mobile phones, fluorescent, lamps, electric pylons. move away from source of electrical interference.

problem	solution
usb does not connect/function	– you are using an unsuitable usb cable. use the supplied usb cable only. – cable connections incorrect / loose. check that all connections are correct and well inserted on the psa player and your computer. – usb driver not installed. check that you have installed the usb driver plug-in provided from the psa installation cd rom. – wrong Windows / MacOS version. your computer must be equipped with Windows 98 / Me / 2000 & XP or MacOS 8.6-9.x. – usb not enabled. check the BIOS set-up: usb has to be enabled.
unable to download files to player	– battery low and/or connection between the player and computer is loose. check battery status and usb cable connection. – drivers not installed. check you have installed the drivers provided from the psa installation cd rom. – current psa does not download windows media audio for mac users. check out **www.nike-philips.com** for updates. – electrostatic discharge. remove battery and replace after several seconds.
incomplete track download	– usb connection broken during downloading**.** check the usb connection, delete the file on the psa via musicmatch and download track again.
